Note: Judges scoring discussion heard during the parliamentary procedure CDE should observe the following guidelines:

1. It is essential that each judge observe and maintain consistent criteria in scoring discussion for the duration of the CDE.
2. Judges must overlook personal opinions and beliefs in order to score discussion in an unbiased manner. All discussions must be scored at the time it is delivered.
3. Characteristics of effective discussion include: completeness of thought, logical reasoning, clear statement of speaker's position, conviction of delivery, conciseness, and effectiveness of the statement towards furthering discussion.
4. A suggested grading scale is as follows: excellent (14-15 points), good (9-13 points), average (5-8 points), and poor (0-4 points).
5. Each time a participant in the presentation discusses any debatable motion, they may earn a score. However, only the top four debates will count towards the final debate score. An individual may never earn more than 60 points in a given presentation. Furthermore, no more than 15 points may be earned during one recognition by the chair.
6. The best four debates per member will be tabulated in the presentation score. No more than two debates per member per motion will be tabulated.
